Road Transport Industry Training Board (RTITB)

Fork Lift Truck – Counterbalance Refresher

A one day course for delegates who must already be in possession of an RTITB Basic Certificate, which must be produced prior to course commencement. This course can only be delivered at client company premises or at our FLT Training Centre based in Aldridge, West Midlands

Aim: This course is designed to enable delegates who have undergone basic training to be re-assessed to the required standards of Fork Lift Truck operation in accordance with RTITB criteria

Benefits: Participants will:

- ◆ Have an understanding of their organisation's legal responsibilities
- ◆ Be able to understand their legal responsibilities
- ◆ Apply safe and efficient operation of Fork Lift Trucks
- ◆ RTITB Certification

Programme:

- ◆ Welcome and Introduction to the course
- ◆ Aims and Objectives
- ◆ Health and Safety at Work Act
- ◆ Pre-Shift Checks and Test
- ◆ Operating Safety Mode
- ◆ Corrective Training
- ◆ Safety Knowledge Test
- ◆ Practical Test
- ◆ Programme Review and Evaluation

Approach: This programme uses theory and individual training and can be carried out on or off the job to fully involve participants. A maximum of three delegates are allowed on this course
